**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic as my ISP because they offered a far superior service to ATT at a much more competitive price.

Broadband is critical to my everyday life and business, I'm a digital product designer, and Sonic's competitive pricing and broadband speeds make communicating with clients much easier. It also makes relaxing after a hard day of work more enjoyable as well. :)

I used to live in a part of town where Sonic wasn't available and had ATT's DSL service. It was nowhere near as good as Sonic's fiber service but was the same cost per month.

More competition in this sector is better for ALL customers.
